To whom it may concern,

On May 13, 2016 our company Carlsson Fahrzeugtechnik GmbH, a Mercedes-Benz tuning company, moved its corporate headquarter from Merzig to Saarlouis. The official opening was attended by the Prime Minister of Saarland Annegret Kramp-Karrenbauer, District Administrator (Landrat) Patrick Lauer, and Lord Mayor Roland Henz.

Mr. Winkler interpreted the official speeches for the present officials and the subsequent negotiation and press interview.

My associates and I were completely satisfied with his work and would hire him again.

Very truly yours,

Tae Yun Yee
